ONE AMONGST HUNDREDS OF SAME SORT. Dr. Howe-Dear Sir: Allow me to say a w words in reference to your preparation of Shaker Sarsaparilla. I have for the last two years been afflicted with sore eyes. I had fried every preparation of the so-called Sarsaparilla, without the least effect whatever, until I was advised by a friend to try Dr. Howe's preparation. He said he had examined your eparation. He said he had examined your cipe, and knew for a certainty that you use anduras Sarsaparilla. Having confidence in a friend, I thought I would try it. I have ed in all, at this time, three bottles, and you ould be astonised at the sight. My eyes are now nearly well; my whole system invigora-ted, and in fact I feel like another man. So great is the change for the better, that I have no hesitation in recommending your Shaker Sarsaparilla above all others, If you think reper to publish this you can do so, for I am willing to satisfy any person of the truth of the above. the people of the United States, it has gained
a reputation unequaled by any other medicine
in the known world. Why is it? The answer as plain: because no medicine of the kind
has ever been put before the public so deserwing of the rich inureds it has acquired; and it
will continue to gain friends as long as it pecforms the most extraordinary cures of various
descriptions, after the doctors and all other
remedies had failed. We do not only say that
the genuine H. G. Farrell's Arabian Liniment can and does perform cures which no other medicine can do, but you have here certificates of what it has done.

the first families in Philadelpnia had been confined to her bed fourteen years with Rheumafirm, and was cured by H. G. Farrell's Arabian Liniment. He also says: "Your liniment is going rapidly; send me a supply immediately by Leoche's fast line."

My daughter, whon 6 months old, was taken

TO MEDICINE has ever obtain it is daily effecting some of the most astonishing and wonderful cures that have ever been recorded in the annals

We would that the public should know that a remedy is at hand that can be relied upon in the most extreme ca-ses where worms are the primary cause of their suffering. And those that are pining away a miserable existence, under the supposition that they are dys-peptic, when Worms are actually prey-ing upon the very vitals of their life, ahould use Hobensack's Worm Syrup ore it is too late.

Evidence certifying to the wonderful efficacy of Hobensack's Worm Syrup in expelling worms, and a Mother's grief changed to joy by its use:

This is to certify, that two or three weeks past, two of my children were at-tacked with worms. I used every reme-dy I knew, but without effect, they yet growing worse, until the disease assumed on alarmingly fatal character, that I and all who saw them, felt assured that death must soon close the scene, if relief was not soon obtained. One of them presened a fearful picture of suffering; she was literally alive with worms, her counte-nance had a pallid, death-like hue, her breath extremely offensive, her frame wore down to a mere skeleton, and all the symptoms attendant upon worms of a highly aggravated state. To such a fear-ful extent did the disease arrive, that she passed worms from her nose, followed by copious bleeding. At this time I obtained a bottle of your Worm Syrup, and gave t with but little hope, but wonderful to eay, after a few doses, a great change was perceptible, and in a few days to my great joy and wonder, the two children passed a large wash basin full of worms. Since that time they rapidly recovered, and are now perfectly cored. SUSAN THOMPSON.

Oxford st., bet. Front and Second, Phila. We have many more certificates in our cossession, equally surprising as the above, hat we might place before the public, but ve deem this sufficient to satisfy all that it is the only known remedy that can be relied upon-
